

Player Start

What we are going to do:

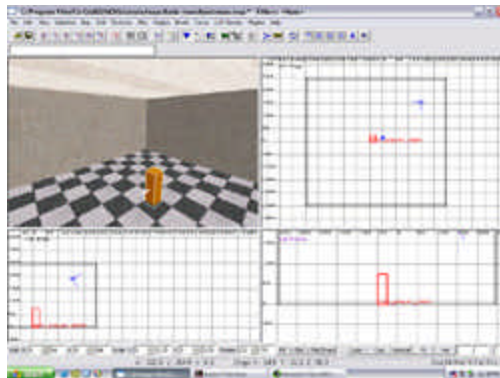

In this section, we are going to insert a Player Start!

Get Going!

In the top view, right click anywhere in your room, a drop down menu will appear, select "info" "player" then "start". A red box will appear, that is where your guy will start when you play your r

((drop down menu))

((the red start box))

You can move it around any where, either in top, side, or front view, left-click-hold and drag it where you want! To deselect, hold shift and left click, or just hit shift and then delete the new one!

Thats the end of Player Start, onto [Lights!](#)
